KNAACK® SECURE JOBSITE STORAGE

**WORKS HARD.
WORKS SMART.**

KNAACK WORKS.

KNAACK® Jobsite Storage Solutions have the strongest work ethic around – and the smartest.

Not only does every box, chest and cabinet cause tool thieves to strongly reconsider, but KNAACK Jobsite Storage Solutions also provide easier access, better organization, more mobility and versatility.

TOUGH AS NAILS.

KNAACK® jobsite storage equipment is synonymous with ultra-secure protection of tools, equipment and supplies. From durable, all-steel construction to tamper-resistant, innovative features, we don't mess around. Our durability and security are legendary. But, we also know how to multitask. After nearly 50 years of experience, we know how crews work. Every one of our boxes is built with organization and efficiency in mind and geared toward keeping equipment and work surfaces readily accessible.

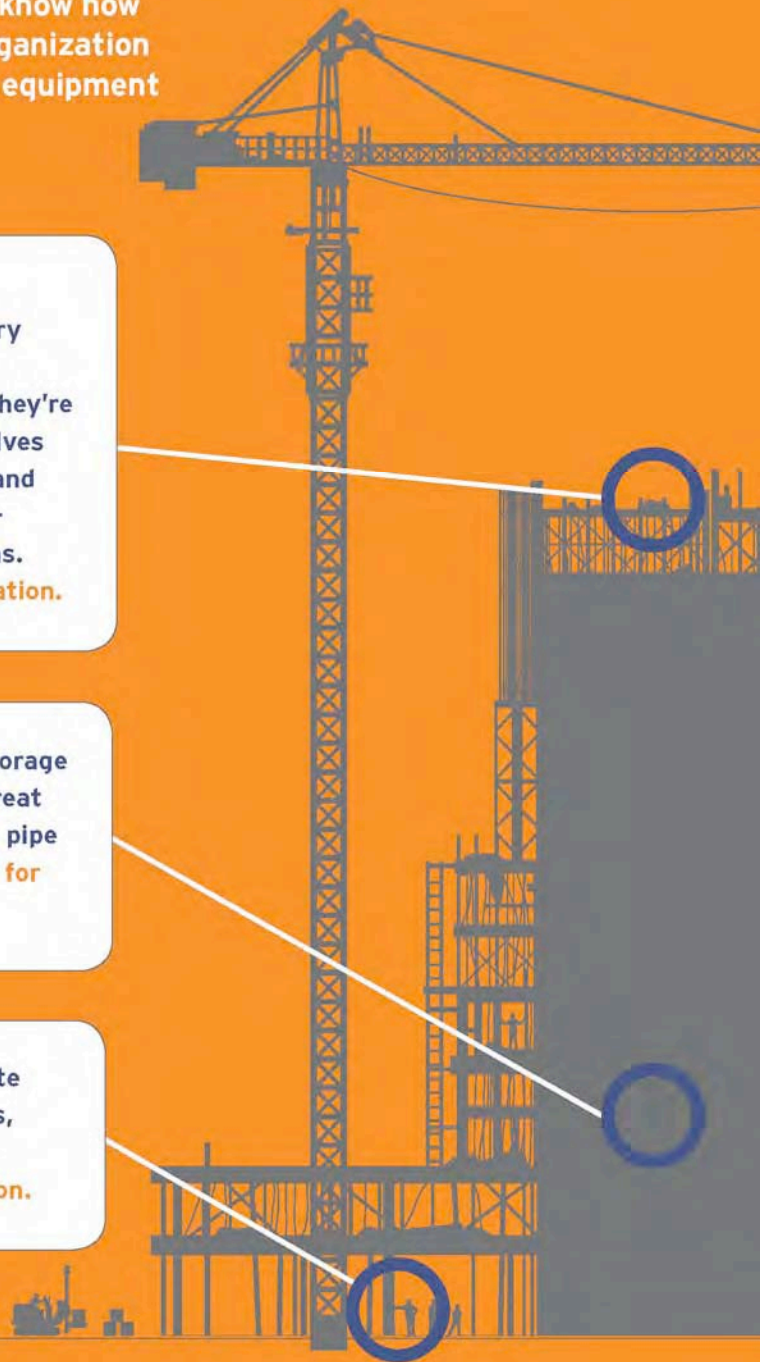

STORAGEMASTER® Chests are the workhorses on any jobsite, ideal for every trade – mechanical, plumbing, HVAC, electrical, rough and finish carpentry. They're caster-ready and include full-width shelves for organization of small to large tools and supplies. Model 91 even features a drop-down ramp for loading large, heavy items. See pages 4-5 for more product information.

Rolling Work Benches are secure storage on wheels. The heavy-duty top is great as a work surface and for mounting pipe threaders or vices. See pages 14-17 for more product information.

A field station serves as your jobsite office. Use it to securely store tools, supplies, documents and more. See page 13 for more product information.

EASY TO USE.

KNAACK SECURITY? It's a lock.

All KNAACK products are designed for use with the Commercial Master Lock® No. 5 or equivalent sized lock.

- The Commercial Master Lock® No. 5 has a hardened steel plate bottom with an hourglass keyhole opening that provides drill resistance for added security.
- The WATCHMAN® IV Lock System, with recessed housing, prevents bolt-cutter break-ins.
- One-time lock installation means no downtime replacing locks.

JOBMASTER® Chests, available in multiple models, are for jack-of-all trade applications. They're versatile and portable – especially with accessory casters – and hold anything from hand to power tools and supplies. **See pages 6-7 for more product information.**

JOBMASTER® Cabinets are incredibly secure and configurable for any need. They act as a remote tool crib and offer "glance and grab" organization. **See pages 10-12 for more product information.**

CHESTS

Nothing works harder or smarter than **STORAGEMASTER® Chests** when it comes to secure jobsite storage, durability and ease of use. Consider these key features when you're looking for an ultra-rugged piano box.

- A WATCHMAN® IV Lock System with 3-point latching** and recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Power Pass™** electrical pass-through grommet for easy weatherproof power cord access.
- C Reinforced lock housing** provides unbeatable strength.
- D Heavy-duty hinges** are staked and welded to stand up to any amount of prying.

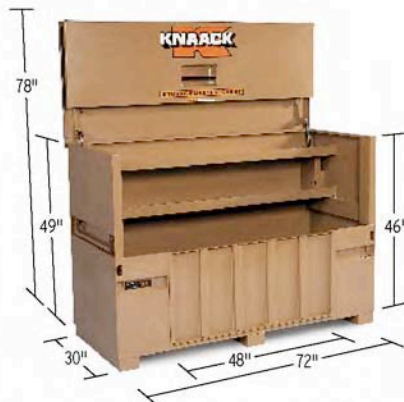

STORAGEMASTER Chests also feature:

- Recessed handles for positive gripping even with a gloved hand
- Baked-on enamel finish for weather resistance and durability
- Protected gas springs to prevent damage from shifting loads
- Caster-ready 12-gauge steel skids to accommodate optional casters (see page 9)
- Heavy-duty 16-gauge steel construction with fully arc-welded seams

STORAGEMASTER® CHESTS

MODEL 91

Features a built-in, 12-gauge steel ramp to make loading large, bulky items easy.

Capacity: 57.5 Cu. Ft.

Capacity: 47.8 Cu. Ft.
Ship Wt: 337 lbs.

MODEL 79

Capacity: 38.2 Cu. Ft.
Ship Wt: 287 lbs.

MODEL 69

When cover is closed, Model 69 chest can be used as a work table.

Capacity: 35.3 Cu. Ft.
Ship Wt: 282 lbs.

ACCESSORY
SHELF DOORS

Model	Fits	Ship Wt.
479	79	20 lbs.
489	89	26 lbs.
491	90, 91	30 lbs.

Accessory shelf doors allow you to have the best of both worlds. Keyed doors create a secure area while allowing the chest to remain open during the work day.

CHESTS

Security and durability to go. JOBMASTER® Chests are tool storage solutions that are as easy to handle as they are tough. They're compact enough to be lifted and moved around the jobsite or into a work vehicle with minimal effort. Yet, JOBMASTER Chests include all the same security features as STORAGEMASTER® Chests.

- A WATCHMAN® IV Lock System with 3-point latching** and recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Power Pass™** electrical pass-through grommet for easy weatherproof power cord access.
- C Reinforced lock housing** provides unbeatable strength.
- D Heavy-duty hinges** are staked and welded to stand up to any amount of prying.

JOBMASTER Chests also feature:

- Recessed handles for positive gripping even with a gloved hand
- Baked-on enamel finish for weather resistance and durability
- Caster-ready 12-gauge steel skids to accommodate optional casters (see page 9)
- Heavy-duty 16-gauge steel construction with fully arc-welded seams

ACCESSORY CASTER SETS

Load ratings are for all four wheels combined. Rating includes weight of KNAACK® product and its contents. Each caster set includes two rigid and two swivel casters with mounting bolts. Caster sets with brakes have the brake unit located on the swivel casters. KNAACK casters are recommended for use with KNAACK products.

CAUTION: Caster brakes are not suitable for keeping the units in place when transporting. Secure by another method. Do not use casters on rough or uneven surfaces. Do not tow caster-mounted boxes.

4" CASTERS

Model: 404 (without brakes)

Set of 4 Casters

Total Load Rating: 1060 lbs.

Use With: 32, 36, 42, 60, 2032, 2048, 2060, 2472, 3068, 4824, 4830

Ship Wt: 11 lbs.

Model: 405 (with brakes)

Set of 4 Casters

Total Load Rating: 1060 lbs.

Use With: 32, 36, 42, 60, 2032, 2048, 2060, 2472, 3068, 4824, 4830

Ship Wt: 12 lbs.

DO NOT USE 4" caster sets with Models 69, 79, 89, 90, 91, 99, 109, 111, 112, 119, 129 and 139.

Ship Wt: 18 lbs.

Model: 600 (heavy duty with brakes)

Set of 4 Casters

Total Load Rating: 3280 lbs.

For Use With: All Models

Ship Wt: 25 lbs.

CABINETS

No matter how big the job, roomy **JOBMASTER®** Cabinets work. They provide at-a-glance, easy-access shelving storage for small, big and in-between tools, equipment and supplies. Optional accessories like casters and door shelves create custom solutions that work even harder.

- A WATCHMAN® IV Lock System with 3-point latching** and recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Convenient foot latch** opens the doors when you step on it, allowing hands-free operation.
- C Deep door design** for maximum pry-bar resistance and better tool organization.

JOBMASTER Cabinets also feature:

- Recessed handles for positive gripping even with a gloved hand
- Baked-on enamel finish for weather resistance and durability
- Caster-ready 12-gauge steel skids to accommodate optional casters (see page 9)
- Heavy-duty 16-gauge steel construction with fully arc-welded seams
- Optional door shelves allow for greater organization

HALF-WIDTH SHELF CABINETS

MODEL 112

- Includes: Three 2 1/2" deep drawers with 50 lb. load capacity, four 6" drawers with 75 lb. load capacity
- Powder-coated drawers roll on ball bearing slides
- Full top shelf for more storage
- Shelf spacing from top down: 13", 12 1/4", 9 1/2", 19 3/4"
- Ability to add accessory door shelves

Capacity: 54.9 Cu. Ft.
Ship Wt: 670 lbs.

MODEL 111

- More open space for large items
- Half-width shelves on left side only
- Top shelf is 13" from top of cabinet, second shelf is 12 1/4" from top shelf, bottom shelf is 9 1/2" from second shelf
- Ability to add accessory door shelves

Capacity: 47.5 Cu. Ft.
Ship Wt: 385 lbs.

FULL-WIDTH SHELF CABINETS

MODEL 139

- Full-length shelves allow you to organize longer items
- Top shelf is 14" from top of cabinet, second shelf measures 10" from bottom of top shelf
- Adjustable bottom shelf
- Ability to add accessory door shelves

Capacity: 59.4 Cu. Ft.
Ship Wt: 445 lbs.

MODEL 109

- Full-length shelves allow you to organize longer items
- Top shelf is 14" from top of cabinet, second shelf measures 10" from bottom of top shelf
- Adjustable bottom shelf
- Ability to add accessory door shelves

Capacity: 47.5 Cu. Ft.
Ship Wt: 394 lbs.

CABINETS

BIN STORAGE CABINET MODEL 129

- Perfect for storage of fittings and bulk parts
- Each shelf has a 2" hemmed lip to keep parts from spilling out
- Full-length top shelf allows you to organize longer items
- 18 separate bins
- Doors on front only

Capacity: **48 Cu. Ft.**
Ship Wt: **452 lbs.**

DOUBLE-SIDED SHELF CABINET MODEL 99

- Double doors on front and back
- Fully open top shelf
- Top shelf is 14" from top of cabinet, second shelf measures 10" from bottom of top shelf, bottom shelf is adjustable for easy storage of bulky items
- Ability to add accessory door shelves

Capacity: **59.4 Cu. Ft.**

ROLLING CABINET MODEL 100

- Included casters allow one person to maneuver the closed cabinet through a jobsite
- Shelves are 14" deep with a 1" hemmed lip, and welded in place with a 12 7/8" minimum spacing between shelves
- 16-gauge fully arc-welded steel construction
- Load capacity: 1200 lbs. evenly distributed
- Vertical storage area features a bracket for hanging extension cords or tool belts

Capacity: **60.9 Cu. Ft.**
Ship Wt: **470 lbs.**

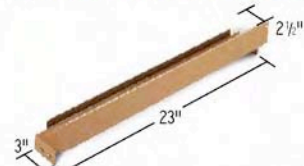

SHELF MODEL 493

- Accessory shelf for the left inside door provides additional storage and organization
- Fits models 99, 109, 111, 112, 139

Ship Wt: **3 lbs.**

SHELF MODEL 494

- Accessory shelf for the right inside door provides additional storage and organization
- Fits models 99, 109, 111, 112, 139

Ship Wt: **3 lbs.**

FIELD STATION MODEL 119

Think of it as command central. It's first to the jobsite and last to leave and holds everything that's needed day-to-day – from tools and equipment to essential supplies, drawings and documents. When the work day is over, the field station locks up tight as a drum for secure overnight storage.

- A WATCHMAN® IV Lock System** with recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Recessed handles and latch levers** offer protection during transport.
- C Hinged desk top** allows 9 cu. ft. of storage space underneath.
- D Large swing-up door** features an easy-to-use rotary latch, an easy-to-grip recessed handle, a gas spring to assist with opening and closing and a prop arm that locks in place to hold the door open.
- E 16-gauge steel body** with fully arc-welded seams for the ultimate in strength and weather protection.

Storage Capacity: 115.2 Cu. Ft.
Ship Wt: 624 lbs.

ROLLING WOR

Sturdy. Mobile. Secure. STORAGEMASTER® Rolling Work Benches carry the load in more ways than one. They're not only load-rated for a half-ton, but they're efficiency centers on the jobsite, providing handy work surfaces and organized storage that go wherever work needs to be done.

- A WATCHMAN® IV Lock System**
with recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Heavy-duty steel construction**
with fully arc-welded seams.
- C Full-length staked piano hinges**
resist pry-ins.
- D Baked-on enamel finish** for weather resistance and durability.

CAUTION:

Caster brakes are not suitable for keeping the units in place when transporting. Secure by another method. Do not use casters on rough or uneven surfaces. Do not tow caster-mounted boxes.

- (1) 6" caster set

Load Capacity: 2650 lbs.
Ship Wt: 591 lbs.

WAR WAGON® ROLLING WORK BENCH

MODEL 62

Got a challenge? This big boy is up for it, with an ability to accommodate over 2.5 tons of whatever you want to load into it. Its large, 13 square-foot work area and lower working height more conveniently positions your equipment when you attach a vise or pipe threader.

- WATCHMAN® IV Single Lock System
- Three doors in front and three in back for the ultimate accessibility
- 12-gauge steel body, fully arc-welded
- 7-gauge steel work top and bottom panel
- Standard drawer capacity is 100 lbs., heavy-duty drawer capacity is 200 lbs.

Load Capacity: 3400 lbs.
Ship Wt: 597 lbs.

- (2) Model 471-3, 1" Std. Duty Drawers
- (1) Model 486-3, 6" Heavy Duty Drawer
- (1) Model 490-3, 9 1/2" Heavy Duty Drawer
- (1) 6" caster set

DESIGN YOUR OWN PACKAGE

It's easy to make **STORAGEMASTER®** Rolling Work Benches accommodate various jobsite situations with shelves, standard or heavy-duty accessory drawers or a combination of both.

All drawers come with attached glides.

START WITH MODEL 47

- Fifteen notches are in the cabinet door space for mounting drawers
- You can put together any combination of **standard drawers** as long as the sum of the notches doesn't exceed 15

START WITH MODEL 57

- Nine notches are located in the cabinet door space for mounting drawers
- Top three notches use a combination of 1", 2 1/2" or 4 1/2"-deep **standard drawers**. The bottom six notches use a combination of 2 1/2", 6" or 9 1/2"-deep **heavy-duty drawers**
- Choose any combination of heavy-duty drawers for the bottom six notches, as long as the sum of the notches doesn't exceed nine

STANDARD DRAWERS FOR MODELS 47 & 57
